Wonderful and logical floorplan. You enter into a pleasant living room with a feature wall of built in curio cabinets. An efficient kitchen sits to the right side of the living room and down a hall to the left are 2 restful bedrooms, each with an en suite. Along the windows facing east, there is a spacious combination room, for dining, office, whatever you desire. A non functioning fireplace still provides a charm and cozy vibe to the space. A large deck with private access is attached off the dining area. Peaceful sounds from the exterior water feature can lull you into a comfy a nap. What a retreat!
